EDUCATION

USICT ,GGSIPU

BTECH. IN COMPUTER SCIENCE
AND ENGINEERING
2015-2019 | New Delhi
Cum. GPA: 7.88

KENDRIYA VIDYALAYA

Class 12th. May 2015 |
Delhi Cantt New Delhi |Percentage
86.2

KENDRIYA VIDYALAYA

Class 10th May 2013 |
AFS Gurgaon |CGPA 10

COURSEWORK

COMPUTER SCIENCE

Data Structures
Algorithms
Operating System
Database Management
Computer Networks

TECHNICAL SKILLS

LANGUAGES

Ruby on Rails
JavaScript
NodeJs(basic)

FRONTEND

Html and Css
Bootstrap
Materialize

OTHER

Cloud : AWS , GCP
Augmented Reality (Basic)
DB : MySql ,

CO-CURRICULAR ACTIVITIES

Basketball
Badminton
Long Distance Running

EXPERIENCE

ACHIEVEMENTS | CODING AND HACKATHONS

- Participated in Google Summer Of Code 2017 under org Amahi
- Developed a Result website which got over One Million Page Hits and 60,000 users
- Selected for Open Source Conference in Czech Republic
- Participated in more than 15+ Hackathons and made 20+ projects

PROJECTS

MYCAMPUSRESULT (RESULT WEBSITE) | DEVELOPER

Jan 2018- Oct 2018

- Initiated and coordinated development of Result Website with Result of more than 150 courses.
- Result parsed and stored in database of over 5 lakh+ students
- Website was interactive and responsive and was able to handle load of 500+ users at same time . Website was built using various tech stacks like RoR ,NodeJs , Angular Js , Python as backend and Materialize Html Css for frontend .
- Over a period of 6 months it got over 1 Million Page Impressions , 60,000 total users and 500+ daily users.
- Project Analytics: <https://goo.gl/bhrJmL>

GOOGLE SUMMER OF CODE 2017 | AMAHI PLATFORM

May 2017 – August 2017

- Worked On Ruby On Rails And AMAHI PLATFORM core. Upgraded the technologies like rails 5 and AMAHI PLATFORM and create native API's for the platform that can be used by the MOBILE APPS. Also converted the whole front End to bootstrap and there by making it more responsive and user friendly.
- Acceptance letter : <https://goo.gl/rXpa7h> <https://goo.gl/4rZf5d>

INFOXPRESSION | DEVELOPER

Sep 2017 – Oct 2017

- Developed website for college Techfest with registration integration of users and mapping of various events with the users in which they had registered .
- Project Link : <https://goo.gl/4rZf5d>

CYBERSECURITY AWARENESS WEBSITE

Mar 2017

- Designed a community platform in Designathon for people which will help them understand the cyber crimes, scams, spying applications, etc. that are being used to attack online users and keep them up to date on the latest cyber security trends.
- Project Link : <https://goo.gl/behkym>

WORKSHOPS AND MOOC

INFOXPRESSION | DEVELOPER

Sep 2017 – Oct 2017

- Completed Coursera Course on Introduction to Google Kubernetes Engine
- Attended Workshop on Cross Platform App Development at IIT Roorkee
